

ACCUSERS BITTERLY DENOUNCED

Attorney For Becker Delivers

Scathing Arraignment of

Four N. Y. Gun Men

DECLARES ROSE RING LEADER

Gambler Is Dramatically Called

Several Kinds of Hell by

the Lawyer

CROOKS MISLED PROSECUTOR

New York, Oct. 23.—John S. McIntyre, summoning up the case for Lieutenant Becker in the trial today said in part:

"I am defending a good American citizen, not a murderer. His accusers are vile, lawless, degenerate and sit rejecting the fifth of infamy with which they have furnished the fair name of a great city. The district attorney has been misled. He may be actuated by ambition, and ambition often beclouds good judgment; but, in the end, he has fathered a prosecution framed up by crooks.

"This trial had its birth in the hearts of our murderers, Rose, Weber, Vallon and Schepps—self-confessed assassins, all of whom, when it is over, will be free men, to murder again if they please.

"Rose, as the evidence shows, cherished animosity against Rosenthal. He connived at murder, and when detected a link had to be forged, connecting some one higher. The evidence shows the district attorney did not want small fry, but big fish. Rose saw an opportunity, and the framing up of Becker started.

"Rose," exclaimed McIntyre in dramatic tones, "is hell of the jugglers, hell of the assassins, hell of the robbers who hold and kill men, the infernal fun of deceit—the excrementitious hell—the hell of the revengeful, and every thought of that monster comes to his associates as a magnetizer, and each thought of his has a keen import to his fellow murderers.

"There is no weapon in all the armory of fiction which he did not possess and use in his effort to incriminate the defendant."

A score of women gave close heed to Becker's lawyer. The wife of the prisoner was weeping before McIntyre fairly launched on his address.

Concluding his address McIntyre said:

"What a clumsy job the murder of Rosenthal was. Do you think a skilled detective like Becker would have instigated such a bungling affair?"

PORTER "SASSES" WRONG MAN

Hunts New Job After Louis W. Hill

Carries Woman's Valise

Minneapolis, Minn., Oct. 23.—When an angry woman crossed the main waiting room of the Union station, a heavy valise in one hand, a nearby porter made no effort to assist her. A man with a sandy beard approached the woman, took the burden and helped her on a train. He then turned to the porter.

"Couldn't you have carried that valise?" he asked.

"Well, what do you care?" was the reply.

Indignation blazed in the other's eyes.

"I have some interest in the matter, I am Louis W. Hill."

The porter knew the man with that name was chairman of the board of directors of the Great Northern Railway and immediately began a still hunt for another job.

VICTIM OF "SPY" SWINDLE

French Officers Pay Handsomely for

Bunch of "Secrets"

Berlin, Oct. 23.—Details of the extraordinary spy swindle alleged to have been perpetrated on several European governments have been published. The "spies" with the aid of military handbooks, maps and time tables, concocted "mobilization plans" for the German army for a war with France, adding prices, a specially invented "cipher code" and mysterious titles to show that they came from the German general staff. The whole he sold to the French general staff for \$250,000. Plans for mobilization for war with Russia, France and England, to which he appended the name of General von Moltke, were sold to French officers in Paris for \$4,000 and \$20,000 was promised for detailed documents mentioned in the "plan."

CONDITION OF CROWN PRINCE OF RUSSIA CAUSE OF ANXIETY.

St. Petersburg, Oct. 23.—The condition of the Russian crown prince is causing great anxiety. The nature of the accident to the prince is kept secret. That it was serious is indicated by telegraphic summons sent to Dr. Rauchfuss, court physician for the imperial children, who arrived at Spala today. Prayers have been offered for the recovery of the heir to the throne.

CAMERON GIRL AIDS INQUIRY

Turns Against Jack Johnson and
Is Reconciled to Mother

Chicago, Oct. 23.—The federal grand jury inquiry into the Johnson-Cameron case resumed today with the examination of Joseph Levy, Johnson's white secretary, who is believed to have information of importance. Lucille Cameron will again be a witness. The girl is reported to be reconciled to her mother and to be willing to aid the investigation in every way.

Girl Gives Damaging Testimony.

The testimony yesterday afternoon of Lucille Cameron is said to have been the most direct the federal grand jury so far has been able to obtain against Johnson. It is said that the girl who has turned against the negro, made highly damaging statements. At the close of her hearing before the grand jury the girl became hysterical. The girl yesterday afternoon finally yielded to the pleadings of her mother, Mrs. Cameron Falconer, of Minneapolis, and consented to return to her home, renouncing the pugilist. She was in the jury room for more than two hours, in which time she is said to have given a history of her relations with Johnson.

The city council at a meeting last night adopted by a unanimous vote a resolution urging Mayor Harrison to "use all the power and broad discretion reposed in him by reason of his great office to the end that the saloon license of Jack Johnson may be revoked and annulled, and that the said Johnson may be prosecuted to the full extent of the law under all the charges which have been made or may be made against him."

Negro Educator Denounces Johnson.

Detroit, Mich., Oct. 23.—Condemning pugilist Jack Johnson as a member of his race who harmed rather than helped its development by his recent exploits, Booker T. Washington, Negro educator, declared Chicago is now witnessing a good example of the result of educating a man to earn money without due attention having been given his mental and spiritual development.

The educator took the opportunity to verbally try the colored champion during an address on the work of the Tuskegee institute and the progress which his race is making along educational lines before the Detroit Y. M. C. A.

It is unfortunate, he said, "that a man with money should use it in a way to injure his own people in the eyes of those who are seeking to uplift his race and improve conditions. Chicago is now witnessing a good example of the result of educating a man to earn money without due attention having been given his mental and spiritual development.

"In misrepresenting the colored people of the country this man is harming himself the best."

"Johnson," he said, "fortunate or rather, unfortunate it seems, in the possession of money, is doing a grave injustice to his race.

"A man with muscle, minus brains, is a useless creature."

FIRST OPEN MEETING.

Woman's Suffrage Topic for This

Week's Meeting of Woman's Club.

The first open meeting of the Calumet Woman's club for the present season will be held on Friday afternoon, commencing at 2 o'clock. Equal Suffrage is the topic to be discussed and because of the intense interest manifested by the members and their friends, it is expected the meeting will be one of the most largely attended of the season.

Mrs. Katherine C. Macintosh will furnish the leading paper, "What has been accomplished by Equal Suffrage" and will cover what has been done by women's votes in the states of Wyoming, Colorado, Utah, Washington, Idaho and California. The discussion of this paper will be led by Mrs. Anna K. Fax and Mrs. E. D. Johnson. Mrs. Jeffers of Painesdale will be present and an enthusiastic plea for Woman Suffrage is expected from her.

YOUNG WOMAN MURDERED.

Bridgeport, Conn., Oct. 23.—The police are working on a theory that a young Italian woman, who was taken out in an automobile last night by five men and shot to death, was killed because of her activity in the Chicago "vice crusade." Three Italians were arrested, one of whom admitted the shooting.

TWENTY-NINE NEW GOVERNORS

Will Be Elected in That Many
States and Forty-Six Will
Name Congressmen

MANY TICKETS IN THE FIELD

Confusion Still Exists in Regard
to Some of Them

Washington, D. C., Oct. 23.—One week from next Tuesday the voters in the forty-eight States of the Union will express their preferences for President and Vice President of the United States. In forty-six of the States representatives in the next Congress—the Sixty-third—will be named. Twenty-nine States will vote for governors and other State officers and in half a dozen others minor State officials are to be elected. Maine, Vermont, Arkansas and Georgia have their State elections, but the two latter States will, on November 5, elect representatives in Congress. Maine and Vermont have already chosen their congressmen as well as State officers.

The States that will elect governors are Colorado, Connecticut, Delaware, Florida, Idaho, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, New Hampshire, New York, North Carolina, North Dakota, Ohio, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Washington, West Virginia and Wisconsin.

The electoral disputes between the regular Republicans and the Progressives have been settled in practically all of the States. Confusion still exists, however, in regard to some of the State tickets. Straight Republican tickets have been named in all of the States, excepting one or two in the South. The Democrats have tickets in all of the States in which elections are to be held. The new third party has put up a separate ticket in all of the States in which the regular Republican nominees were not satisfactory to the "Progressives." The Socialists have named candidates for governor and other State officers in twenty-seven States. The Prohibitionists have complete State tickets in twenty-one States. In addition, tickets of the Socialist Labor, Independence, Populist and other minor parties will appear on the ballots in some of the States.

The Progressives, Socialists and Prohibitionists have nominated candidates for Congress in many districts, and in others labor unions or federations have endorsed Democrats or Republicans who are believed to be favorable to their cause.

The Progressives have named a complete ticket for governor and other State officers in Colorado, Connecticut, Delaware, Florida, Idaho, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, New Hampshire, New York, North Carolina, North Dakota, Ohio, Rhode Island, South Carolina, South Dakota, Texas, Utah, Washington, West Virginia and Wisconsin.

The Socialist party has complete State tickets in Colorado, Connecticut, Delaware, Idaho, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, New Hampshire, New York, North Carolina, North Dakota, Ohio, Rhode Island, South Carolina, South Dakota, Texas, Utah, Washington, West Virginia and Wisconsin.

The Prohibitionists have named candidates for governor and other State officers in Connecticut, Delaware, Idaho, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New York, Ohio, Rhode Island, South Carolina, South Dakota, Texas, Washington, West Virginia and Wisconsin.

The Socialists this year have nominated a candidate for governor of South Carolina, where for many years there has been but one State ticket—the Democratic. In Wisconsin the Socialist ticket appears under the name of the Social Democratic Party, to conform with the election laws of that State. In Minnesota, for a similar reason, the Socialist Party appears on the ballot as the Public Ownership Party.

In many of the States proposed constitutional amendments, laws questions, or propositions will be voted upon. Oregon, Kansas, Wisconsin and Michigan will vote on a proposed amendment to give the franchise to women. Colorado has a long list of proposed new laws to be passed upon by the voters, and Oklahoma will decide the troublesome question as to whether the State capital shall be Guthrie or Oklahoma City.

MORGAN CO. GOT BIG STOCK GIFT

Received 165,000 Shares of Harvester Co. Says Witness

New York, Oct. 23.—The J. P. Morgan company received 165,000 shares of stock for services in connection with the formation of the International Harvester Co. This stock on August 14, 1912, was valued at \$13,500,000. So testified William Hamilton, of the Morgan Co., today in the continuation of the government's hearings against the International Harvester Co. The witness produced a contract agreement of the date of August 13, 1912, providing for the deposit of certificates with the Morgan firm by Charles Deering, Cyrus H. McCormick, Harold F. McCormick, James Deering, Richard F. Howe, W. H. Jones and John J. Glessner. He was requested also to produce lists of owners of certificates who entered into agreement with the firm not to sell their stock before giving Morgan Co. a chance to purchase before September, 1902.

REPORT OF THE CHARITIES ASSN.

Much Material Relief Provided
During September

The board of directors of the Calumet Associated Charities will hold its regular monthly meeting this afternoon, to consider reports and dispose of other business. Since the office of the association was re-opened on August 19, the association has been the means of providing much material relief for the poor of Calumet and vicinity. Especially since the re-opening of school have demands been made for clothing and other articles. Appeals sent out for cast off wearing apparel have met with good responses and the association has been able to supply most of the applicants. There is at present a shortage of children's clothing, underwear and stockings, which the secretary hopes will be met by contributions from other residents of Calumet.

The September report shows sixty-two families received assistance from the association, or which five are new families, two widows, one widower and two families where both parents are living but are unable to supply their own needs. Thirty-nine visits were made to families, nineteen conferences held and six reports filed. Permanent employment was secured for two people and temporary employment for four.

ITALIANS FOR TAFT.

Majority of Them said to be in Favor of President.

Duluth, Minn., Oct. 23.—A majority of the Italian citizens of the United States will vote for President Taft, is the opinion of A. G. Fiskett, captain of police. In speaking of the situation last night, Captain Fiskett said: "Of course, Roosevelt will get some Italian votes, but the bigger share of them will go to Taft. Few of them will vote for Wilson. Mention the name, 'Wilson' to the average Italian, one who has studied the records of the three leading candidates, and he will go straight up in the air. He will immediately tell you that Wilson, in his book, which has been commended on freely of late says that the Chinese immigrants are of a better class than those who come from southern Europe.

"Another thing that will influence the Latin race is the fact that Taft, while governor of the Philippine Islands, made an enviable record. He not only established a semblance of government, but treated all with fairness. The rights of the church were respected, the rights of the people were not trampled and all were made to realize that his sole purpose in going over there was to bring about peaceful conditions.

"While there is a difference of opinion among the Italians as to the respective merits of Roosevelt and Taft, they are unanimous in their rejection of Wilson's candidacy."

WANTS EASTERN STAR HOME.

Cedar Rapids, Ia., Oct. 23.—The thirty-fifth annual meeting of the Iowa grand chapter of the Order of the Eastern Star, which settled down to business here today, is featured by a spirited contest of rival cities to secure the Eastern Star Masonic home. The home was formerly located at Boone, but it was destroyed by fire last spring. Boone is making a strong effort to have it rebuilt there, while Marshalltown and Cedar Rapids are offering strong inducements to secure the institution.

IN JUSTICE COURTS.

John Raatikos, Matt Ristola and David LaFrenier were arrested and brought before Justice C. O. Jackson, charged with assault and battery, the complaint having been issued on behalf of Edward Michaelson, who alleges that the trio struck and kicked him. They entered pleas of not guilty and their hearings were set for Monday. Michaelson himself was arrested on a noise and disturbance charge, his case being set for Monday also.

Colorado and the enforced retirement of William Lorimer of Illinois, bring the total up to thirty-three.

PRESIDENT TAFT TO END VACATION WITH 3-DAY AUTO TRIP.

Beverly, Mass., Oct. 23.—President Taft today packed away his golf sticks and climbed into an automobile with Mrs. Taft, Miss Helen and Secretary of State Knox to end his vacation with a three-day motor trip in Maine. The president's lease of his summer home expires this year and Beverlites do not look for his return, no matter how the election goes. The president has acquired a ruddy, healthy tan, bright eye and springy step.

HIGH COST OF LIVING RIOT

Hundreds of German Housewives
Storm Butcher Shops

Berlin, Oct. 23.—Hundreds of housewives joined in a wild riot today because the butchers of the municipal markets refused to handle meat imported so as to reduce the high cost of living. In one district entirely inhabited by working people the women stormed the butchers' stalls, trampled native raised meat on the ground and fought the butchers. The police closed the markets. The municipality declares its intention of cancelling the butchers' licenses.

DRILL NIGHT CHANGED.

Committees Named to Direct the Annual Military Ball.

The Calumet Engineers at their regular drill last evening, named a committee to direct the preliminary arrangements for the annual Thanksgiving eve Military ball to be held at the Light Guard Armory. The committee is composed of representatives of the Engineers, Spanish War Veterans and Civil War veterans and will act as a general committee. A meeting will be held soon, at which sub-committees will be chosen and other details taken up.

It was announced that the regular drill night of the company would be Thursday night hereafter, instead of Tuesday night. This step is taken because a number of the members of the company have enrolled in the public night school which meets on Tuesday evening. Next week's drill will be on Tuesday evening, but the following week, the drill will be held on Thursday evening, and every week thereafter until further notice.

It is not likely that the pictures of the state militia in camp which were taken at Ludington this year, will be shown in Calumet until December.

ROOSEVELT MUCH REFRESHED.

Doctors Allow Him to Sit Up Several Hours Today.

Oyster Bay, Oct. 23.—A long night's sleep largely offset the wearisome effects of Roosevelt's trip from Chicago. He was greatly refreshed when he awoke this morning. He expected to sit up several hours today.

Say Schrank Is Safe.

Milwaukee, Oct. 23.—John Schrank, would-be assassin of Col. Roosevelt, is not mentally unbalanced in the opinion of fellow prisoners in the county jail. This statement was made today by John Clanton, colored, who waived preliminary examination in district court when charged with assault with intent to do great bodily harm, preferred by Roscoe Paxton.

Having spent a week with Schrank in the same tier of cells, Clanton spoke with knowledge gained from more or less intimate relation and observation. "The question of his sanity also has been discussed at length by other prisoners in the tier."

"Schrank may have been insane at the time of the attempted murder, but he is sane now," said Clanton. "That is what every prisoner in the tier thinks." He talks sensibly and there is nothing about the man which would lead one to believe that he is insane.

WILL LOSE \$500,000 BET.

New York, Oct. 23.—It looks very much as though Mrs. W. K. Vanderbilt, Jr., would be called upon soon to pay a debt of honor to her young nephew, Hermann Oelrichs. The debt is a large one, some say \$500,000 was the wager. But it was such a wager that Mrs. Vanderbilt, in losing it, will consider that she has won.

A few years ago, as young Oelrichs was nearing the age when boys regard cigarettes as the insignia of manhood, his aunt challenged him to lay part of his future fortune against a similar part of hers on the proposition that he would not smoke or touch intoxicants of any kind until he should reach his majority.

He accepted the challenge, and the time of settlement will arrive with his twenty-first birthday next month.

Mrs. Vanderbilt may well be proud of her losses. Her nephew, who is a chum of Vincent Astor and a student in the law school of Columbia, has been for years the model youth of Newport and New York society. And he has been an example to the other fellows in proving that a boy can shun bad habits without being a mollycoddle.

DIAZ AND HIS STAFF CAPTURED

Leader of Latest Rebellion Taken

at Vera Cruz After Weak

Resistance

HARD FIGHTING IN BALKANS

Reports of Engagements Appear

to Favor the Armies of

the Allied States

SEVERAL TURK TOWNS TAKEN

Vera Cruz, Oct. 23.—Felix Diaz, with the whole of his staff, was captured today and all the rebels disbanded. The casualties were insignificant.

The government forces occupied the city with very little opposition.

Fight Started This Morning.

Washington, Oct. 23.—The battle between rebel forces of General Diaz and the federal forces under General Boltran, impending for several days, began at Vera Cruz at 6:30 this morning. Commander Hughes of the cruiser Des Moines cabled the information to the navy department.

Severe Fighting in Balkans.

London, Oct. 23.—Heavy fighting is proceeding on every side in the Balkan peninsula, and competent quarters are inclined to believe the conflicts are much more serious than the official reports indicate. Both the Turks and Bulgarians claim to be advancing in the vicinity of Adrianople.

One of the Serbian armies has taken the town of Prishina, and another is at the gates of Kumanova. An official report of the Serbian commander says the Turkish troops, after offering desperate resistance, are falling back all along the whole front and are in precipitate retreat, leaving behind quantities of supplies and ammunition. The Serbians are said to have suffered severe losses around the town of Novipazar, which was captured by the Serbians after heavy fighting. It is an important victory.

Greek official reports disagree as to the situation on the Greek frontier. One of them reports heavy fighting on the road between the town of Elasona and the Turkish base at the town of Servia, while another declares the Turks are in full retreat. A similar state of affairs existed yesterday when the Greeks gave out that the Turks were fleeing, and it turned out later that a big battle was going on which had not concluded when darkness stopped it.

A message from Constantinople by indirect route says the Turkish battle-ships are about to return to Constantinople and refit, after which they will go to the Mediterranean to engage the Greek fleet.

Greeks Report Progress.

Athens, Oct. 23.—The Greeks drove the Turks this morning beyond Elasona after a vigorous attack, and the Turks are now retreating towards the town of Servia, according to a dispatch from the crown prince of Greece, commanding the Greek army.

The crown prince telegraphs that a Turkish army, composed of twenty-two battalions of infantry and six batteries of artillery, was compelled to abandon its position and retire before the Greek onslaught. An order was given for a general pursuit by the Greek army.

Kumanova to Capitulate.

Belgrade, Oct. 23.—News of the capitulation of the Turkish town of Kumanova is momentarily expected here.

Turks Capture Bulgarians.

London, Oct. 23.—A thousand Bulgarian prisoners of war have arrived at Constantinople, according to a dispatch from the Turkish capital.

Bulgarians Near Adrianople.

Sofia, Oct. 23.—The Bulgarian force operating against Adrianople has reached Arda a redbout west of the Turkish stronghold. The Turks fled in disorder, leaving one hundred dead. North of Adrianople several Turkish positions were captured by the Bulgarians after furious fighting. The Turks fled, leaving many dead.

Greeks Leave Davenport.

Davenport, Ia., Oct. 23.—Following a parade of the business streets, three hundred Greeks knelt in the street in prayer today before leaving to fight the Turks. A priest clad in the robes of his office, blessed them. Five hundred Greeks and 140 Bulgarians have now left Davenport to return home, taking thirty thousand in savings and leaving many manufacturers and contractors short handed.
